The gas quality specifications laid down in the Dutch Gas Act apply (Regeling gaskwaliteit) \*

1) For the exit points not mentioned in this Appendix, the quality specifications of the "Regeling Gaskwaliteit" apply unless different specifications are agreed upon in a Grid Connection Agreement.

2) For the exit points not mentioned in this Appendix, the pressure specifications are specified in the Grid Connection Agreement.

3) Network point Tegelen 300138 will be deactivated as of 01-03-2025

\* Regeling Gaskwaliteit means the regulation of the Minister of Economic Affairs dated 11 July 2014, nr. WJZ/13196684 as may be amended from time to time
